

BP50M26/50M31*/50M36*

Essentials Series Monochrome Document Systems

Designed for today's individual workstyles. From media handling to workflow and collaboration, the new Essentials Series delivers the features businesses need to get the job done.

The new Essentials Series monochrome document systems enable workers to collaborate and share information seamlessly and securely. Enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and enhance productivity with hybrid workers.

Easy-to-use Touchscreen: Award-winning design that delivers an accurate, responsive user experience, imperative for today's sophisticated workflows.

Technology Focused on Efficiency: Innovative features like enhanced auto skew correction ensure jobs come out right the first time, every time.

Versatile Application Integration: Easy access to expanded cloud services, quickly connect with mobile devices.

Leading Security: The Essentials Series uses the latest security technology in today's hybrid working environments to protect endpoint devices from security threats.

10.1" (diagonally measured) customizable touchscreen display.

Pivoting Touchscreen offers the viewing angle for any use instantly.

- 100-sheet RSPF Reversing Single-Pass Feeder scans up-to 80 images per minute.
- Flexible paper handling supports media up-to 300 gsm, allowing users to print on a wide variety of paper stock or media.
- Smart controller design ensures MFP firmware is up-to date by periodically checking for updates.
- Easily scan documents to Microsoft and PDF file formats, or direct print these file types from thumb drives and cloud applications with optional expansion kits.

New Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others.

- Energy Star 3.0 certified offers among the lowest standby power consumption in the category.
- Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features.
- Collaborate with hybrid workers using optional cloud services – Microsoft Teams, Google Drive™, Dropbox and others.
- Supports native Universal Print from Microsoft, with optional PostScript 3 kit enabling businesses to easily adapt to this popular cloud service.

100-sheet RSPF scans documents at up-to 80 images per minute.

- Strong, multi-layered security includes system integrity check at startup, firmware attack prevention and optional Bitdefender antivirus to help protect your data.
- Wireless LAN supports 5 GHz Wi-Fi for stable, high-speed network communication (optional).
- Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows (optional).

*BP50M31 and BP50M36 are special order for tenders only.
